CAMConnect is a partnership committed to sharing and using information that will lead to informed decisions and better policy making to improve the quality of life of all Camden citizens. CAMConnect is based on a model for the use of advanced neighborhood level information systems in policy making and local capacity building. Our partnership includes community and neighborhood groups, government, community-based organizations, hospitals, educational institutions, businesses, and other organizations that use and collect information.

Camden Facts is made possible by a grant from **The Annie E. Casey Foundation**, a Baltimore-based philanthropic organization dedicated to improving the futures for kids at risk.
