Reports from the COO's Office
Municipal Budget & Taxes
Report

A report prepared by CAMConnect is featured prominently on a new [website](#) created by the Governor's Office. CAMConnect prepared the "Camden Demographics" report in summer 2006 for the purpose of comparing conditions in Camden with other municipalities in the State. The Governor's Office asked permission to place the report on its website pertaining to the search for the new Chief Operating Officer of Camden.

Camden Demographics Camden Reports 2006

More about "Camden Demographics"

The Camden Demographics report compares Camden City to other municipalities in the State based on data from Census 2000. One of the more noticeable characteristics of Camden compared to Newark and Trenton is that Camden has a higher percentage (35%) of people under age 18.

CAMConnect hopes to continue to work with the Governor's Office and the COO Advisory Search Committee to provide important information as needed.
